INDEX

A

Abscess, myocardial, with perforation of heart, 199
Acetyl - beta - methylcholine chloride (mecholyl), sweating produced by, 75
Achylia gastrica, etiologic relationship of, to pernicious anemia, VI, 618
Adenoma of islet cells of pancreas, with operation and recovery, 92
Adrenalin injection, effect of, on leukocyte count of splenectomized patients, etc., 35
Adrenals of rats after thyroidectomy and gonadectomy, considered in relation to pituitary histology, 145
Agranulocytosis, amidopyrine, hypersensitive nature of, 229
Albuminuria, febrile, 70
Alcoholism, chronic, deficiency syndromes associated with; clinical study, 645
Allergic diseases, calcium-ion concentration of serum in, 674
Aluminum hydroxide drip, treatment of hematemesis and melena by; 21 cases, 333
Amidopyrine agranulocytosis, hypersensitive nature of, 229
Anderson, R. S., *see* Leslie, G. L., 1
Anemia, acute hemolytic (Lederer type), 311
idiopathic hypochromic, etiology and treatment of, 625
of chronic glomerulonephritis and its relationship to gastric acidity, 636
of myxedema; its classification and treatment, 382
pernicious, absence of peptic ulcer in, 463
and sprue, Congo red in treatment of, 293
etiologic relationship of achylia gastrica to, VI, 618
Anesthesia, nitrous oxide-oxygen, and anoxia, 279
Angina pectoris and coronary thrombosis, sedimentation rate in, 392
Angiospastic claudication; report of 6 cases, 505
Anoxia, nitrous oxide-oxygen anesthesia and, 279
Anthracosilicosis and artificial pneumothorax, pulmonary circulation in, 502
carcinoma of bronchus in association with; study of 4 cases, 535
Apperly, F. L., and Cary, M. K., arterial hypertension; site of high chloride content of blood, 352
Arterial hypertension; site of high chloride content of blood, 352
Arteries, occluded large, functional integrity of, as demonstrated by thorotrast arteriography, 372
Arthritides, value of fever therapy in, 170
Arthritis, acute infectious, of undetermined origin with artificial fever, treatment of, 485
importance of soft tissue lesions in, 257
Autonomic pharmacology, human, VI. Sweating produced by acetyl-beta-methylcholine chloride (mecholyl), 75

B

Back pain, low, 740
Bacterial diseases, some clinical aspects of, 125
Ballistocardiograph, preliminary report concerning, 146
Bang's disease and undulant fever, survey of, in United States, 678
Barer, A. P., *see* Fowler, W. M., 625
Barker, W. H., Congo red in treatment of pernicious anemia and sprue, 293
and Rhoads, C. P., effect of liver extract on absorption of fat in sprue, 804
Beebe, G. W., *see* Gamble, C. J., 79
Bellet, S., and McMillan, T. M., *see* Gouley, B. A., 185
Bender, M. B., *see* Savitsky, N., 96
Benzedrine, vasoconstrictor properties of, and its use in relief of common cold, 768
Best, C. H., *see* Kerr, R. B., 149
Beta-hemolytic streptococcus pharyngitis, therapeutic value of sulphanilamide in, 830
Bettman, R. B., and Lichtenstein, G., end-results following cholecystectomy, 788
Billings, E. G., general hospital; its psychiatric needs, etc., 234
Birth trauma with special reference to intracranial hemorrhage, 135
Bishop, L. F., Jr., bundle branch block with short P–R interval in individuals without organic heart disease; case report, 794
Block, F. B., hysterectomy, 570
Blood capillaries, extraendothelial cells of microscopic observations on, 147
cells of cancer patients, effect of lead therapy on, 304
of normal and burned dogs, vasodepressor activity of; criticism of method, 560

INDEX

Bowers, W. F., distention in genesis of acute inflammation of hollow viscera, 205
Boyd, E. M., and Connell, W. F., vasoconstrictor properties of benzedrine and its use in relief of common cold, 768
Boyd, L. J., and Werblow, S. C., coronary thrombosis without pain, 814
Brain cortex (Nissl's cerebral gray), intercellular substance of; physiological significance, 144
tumor, cerebrospinal fluid pressure in, effect of intravenous injection of hypertonic dextrose solution on, 554
with normal encephalogram, 96
Bronchus, carcinoma of, in association with anthracosilicosis; study of 4 cases, 535
Brown, M. G., *see* Riseman, J. E. F., 392
Bruenn, H. G., and Dupertuis, C. W., *see* Draper, G., 514
Bundle branch block with short *P–R* interval in individuals without organic heart disease; case report, 794
Burch, G. E., and Sodeman, W. A., hereditary hypoplasia of mesenchyme (blue sclerotics and brittle bones), 844
see Sodeman, W. A., 846
Burchell, H. B., Permar, H. H., and Johnston, J. M., *see* Maclachlan, W. W. G., 474
Butts, D. C. A., *see* Gershenfeld, L., 678

C

Calcium-ion concentration of serum in allergic diseases, 674
palmitate, human gall stone composed of, 783
Cameron, A. T., and White, F. D., human gall stone composed of calcium palmitate, 783
Cancer and skin irritation in U. S. Navy, 326
patients, effect of lead therapy on blood cells of, 304
Carcinoma of bronchus in association with anthracosilicosis; study of 4 cases, 535
Card, J. I., *see* Johnson, G. S., 860
Cardiovascular disease, syphilitic, studies in, I. Uncomplicated syphilitic aortitis, 178
Cary, M. K., *see* Apperly, F. L., 352
Case finding in tuberculosis, an adult problem, 652
Castle, W. B., Heath, C. W., Strauss, M. B., and Heinle, R. W., etiologic relationship of achylia gastrica to pernicious anemia, VI, 618
Caul, H., and Vivoli, D., *see* Cossio, P., 369
Cells of same organism, relative effectiveness of neutron rays and Roentrays on, 876
Cerebral embolism as complication of coronary thrombosis, 824
Cerebrospinal fluid pressure in brain tumor, effect of intravenous injection of hypertonic dextrose solution on, 554
Cevitamic acid, study of urinary output of, in adult scurvy, 63
Chamberlin, G. W., Miller, S. G., and Forrester, J. S., *see* Elsom, K. O'S., 466
de la Chapelle, C. E., and Clark, E., *see* Steinberg, I., 610
Charr, R., sarcinoma of bronchus in association with anthracosilicosis; study of 4 cases, 535
and Riddle, R., pulmonary circulation in artificial pneumothorax and anthracosilicosis, 502
Chloride content of blood, arterial hypertension site of, 352
Cholecystectomy and radiation as therapeutic procedures for typhoid carriers, 466
end-results following, 788
Choline and sucrose feeding, effect of, upon liver glycogen and lipids, 146
Christian, A. W., and Smith, P. W., *see* Hick, F. K., 800
Christian, H. A., clinical lecture as of twenty-five years ago, 749
Cirrhosis, Laennec's, causative factors in production of, with special reference to syphilis, 693
Citrulline, simple synthesis of, 875
Clark, E., and de la Chapelle, C. E., *see* Steinberg, I., 610
Claudication, angiospastic; report of 6 cases, 505
Clinical aspects of certain bacterial diseases, 125
lecture as of twenty-five years ago, 749
Cloud, J. H., convalescence; special reference to Philadelphia area, 684
Cohen, A. G., *see* Nisenson, A., 63
Cold, common, vasoconstrictor properties of benzedrine and its use in relief of, 768
Collapse, massive, of lung, 428
therapy, intensive, in pulmonary tuberculosis, 1
Comeau, W. J., paroxysmal complete heart block alternating with normal rhythm and conduction, 43

Comroe, B. I., diagnostic importance of tongue in internal medicine, 661
Congenital polycystic kidney; occurrence in several members of one family, 112
Congo red in treatment of pernicious anemia and sprue, 293
Connell, W. F., *see* Boyd, E. M., 768
Constitution, individual, changes in electrocardiogram as criteria of, derived from its physiologic panel, 514
Contraceptive, clinical effectiveness of lactic acid jelly as, 79
Convalescence; special reference to Philadelphia area, 684
Cooper, D. A., and Erb, W. H., death following phrenicectomy, 19
Cordill, S. C., and Gouaux, J. L., *see* Eaton, A. G., 214
Coronary arteries, experimental studies of occlusion of, in persistent electrocardiographic changes, 493
thrombosis and angina pectoris, sedimentation rate in, 392
cerebral embolism as complication of, 824
without pain, 814
Cory, R. A. S., Pastor, J. R., Gaetan, L. R., and Long, E. R., *see* Hayes, M. G., 220
Coryllos, P. N., action of diaphragm in cough; experimental and clinical study on human, 523
Cossio, P., Vivoli, D., and Caul, H., syphilis of interventricular septum and ventricular tachycardia, 369
Cough, action of diaphragm in; experimental and clinical study on human, 523

D

Death, electrocardiographic changes occurring at, 356
following phrenicectomy, 19
Deficiency syndromes associated with chronic alcoholism; clinical study, 645
Degen, J. A., Jr., visceral pathology in measles; clinico-pathologic study of 100 fatal cases, 104
Dextrose solution, hypertonic, effect of intravenous injection of, on cerebrospinal fluid pressure in brain tumor, 554
Diabetes and pregnancy, 85
protamine insulinate in treatment of, in psychotic patients, 810
Diagnostic importance of tongue in internal medicine, 661
value of supravital staining in infectious mononucleosis, 546
Diaphragm in cough, action of; experimental and clinical study on human, 523
Dietary protein, relation of, to gonadotropic hormone in pituitary gland of rabbit, 145
Disease, loss of body heat and, 667
Dozzi, D. L., cerebral embolism as complication of coronary thrombosis, 824
Draper, G., Gruenn, H. C., and Dupertuis, C. W., changes in electrocardiogram as criteria of individual constitution derived from its physiologic panel, 514
